- Sayaji Steve Anderson provided the BOD a report on the Association's first on line International Forms Demonstration in May. Revealing that Forms from 30 countries were performed during this internet event, with 600 followers and 560 likes. We thank Sayaji Anderson for organizing and spearheading this event, as we move forward to the next generation.
- The BOD had lengthy discussions concerning what should be shared on line in the future. All agreed to forms and short practical application on highlight reels released periodically. NOTE: if they're any members who oppose on line sharing please contact Jerry George at abanbaageorge@gmail.com. Our goal is to increase exposure and expand Hanthawaddy Bando's presence in today's digital environment.
- The BOD decided, that in place of the August Tournament/Animal Masters Clinic, to put an on line series of training drills/forms from the Animal Masters personal performances approximately 1 hour long. Some presentations could be live as well, posted at different times during the weekend of September 19th and 20th, 2020.
